C.P.R. OFFICIALS INTERVIEW COUNCIL

Company Intends Building High Level
Bridge and Wants City to Contribute

The first meeting of the new city council was a very important one, called by telephone at 10 a.m. today, for the purpose of meeting a party of Canadian Pacific Railway officials, who came over to the city this morning from Strathcona to confer with the new aldermen. The party consisted of J. S. Dennis, assistant to the 2nd vice-president, R. R. Jamieson, general superintendent, and N. E. Brooks, divisional engineer, all of Calgary. The party came up over the C. & E. yesterday afternoon attached to the regular train and spent the evening in Strathcona, coming over at an early hour this morning, when they sought out Mayor May and asked for a conference with the aldermen.

As the meeting was in the nature of a committee of the whole, there were no newspaper men present, and consequently the nature of the proceedings cannot be particularly detailed.

The questions before the meeting were the matter of a high level bridge from Strathcona and a union depot for Edmonton, on the ground of the Canadian Northern. The discussion was general, but no definite proposition was made by either side. The officials of the company went so far, however, as to point out what they stated was the company's choice of a route into the city, designating this place of crossing as being about half way between the foot of Ninth and the foot of Tenth streets, and the general route along Ninth street to the Canadian Northern depot, meeting the C. N. R. tracks there, when point they mentioned as the place most likely for a union depot.

Practically speaking, the tenor of the officials' remarks were that the C. P. R. was about to build a high level bridge and that if the city wanted to share in the benefit of the same to the extent of having it made a foot-traffic, vehicular and street railway bridge, as well as a railway bridge it was up to the city to make provision to stand a part of the expense of construction. J. S. Dennis stated that the bridge for railway purposes, would cost at least one million dollars, but he was not prepared to state what he would expect of the city if it should be made a bridge for all purposes.

With regard to the union depot, no very definite statements were made by the officials, any more than to say that they were considering the idea and to point out the probable location.

The whole conference, in fact, which lasted altogether about two hours, was in the nature of a tentative parley, no definite proposition being made by either party.

JOURNAL JUVENILES

SKINNED TO THE HOOF.

The Journal's newsboy staff were again skinned to the hoof, their hides hung on the fence, and their horns sold to the junk dealer by the Bulletin newsies yesterday afternoon. It is really a shame to tell the people what those heartless creatures did to the poor unfortunate boys who sell papers for the Journal, but when the tallyman went on strike for a raise, the score stood at 19 to 0 in favor of the Bulletin.

There was nothing to it when the game started. The only thing that stopped them was the ice of the ice. Body checking when the other fellow went up in the air, and bounced was considered the finest kind of play, and the ice this morning is full of soft spots where they lit. The puck was badly lacerated, but it is hoped that it will survive.

The referee, according to latest accounts, was making a good recovery. The ice is getting a little worn out by such fast playing being badly scorched in places, all the boys are considering the advisability of petitioning the city to hire another water pipe burst. Next time they would prefer it a little earlier the school.

The date of the next match has not been announced to be hospital authorities nor the coroner.

The following is the list up as the teams went onto the ice:
Bulletin: R. Ross, goal; F. Hanby, point; F. Ross B. B. and Blaney, forwards.
Journal: J. Ferrier, goal; Robinson, point; W. Brimmer, forwards; Davis, and T. McCauley, forwards; Referee, K. Kinnaird.
Timekeeper, W. Taylor.

A COMPREHENSIVE ASSIGNMENT

Chicago, Jan. 2.—"Build an air ship go find the North Pole and report," was the assignment given to the subcommittee of the progress of the effort. This was the starting assignment given to Walter Wellman, Washington correspondent of the Chicago Record-Herald, by the editor-in-chief, who had been accepted by Wellman. This was announced last night.

THE PAST YEAR IN CIVIC AFFAIRS

Resume of Edmonton's Public Works
—Some Problems to be Met

Some idea of the amount of public work done in the city of Edmonton last year may be gathered by contemplating the fact that from January 1st, 1905, to January 1st, 1906, the expenditure on municipal works other than the regular outlay for current expenses was no less than \$177,000. Briefly stated, this is what the municipal statement will show when the report is made a few weeks hence:

The city has nearly doubled its sewers, having built five miles during the past year where there only six and one-half miles altogether before the 1st of January, 1905.

The city has almost doubled its water mains, having put in five and one-half miles where there was altogether seven and one-half miles when 1905 commenced.

The city has more than doubled its street grading, having built up three and eight-tenths miles.

The city has built two miles of granolithic sidewalk, most of it 14 feet wide, where there was not a foot of artificial stone in the city on the 1st of January, 1905.

The city spent \$5,000 in installing lamps for street lighting and has under way the installation of a great many more which will be helping to illuminate the city streets as soon as the material can be procured from the manufacturers. The city has purchased a telephone system at a cost of \$17,000, which it proposes modernizing and bringing up to standard within the present year.

The city has under way the installation of a pump at the water-works of a capacity of 1,200 gallons of water per minute, which will be pumped into the city mains at a pressure of 70 lbs. to the square inch. This pump supplements a plant of the capacity of 700 gallons per minute, and thus gives the city a service of 1900 gallons of water per minute.

The city has on the rail a new Seagrave chemical engine which is to supplement a fire protection apparatus which, while hardly adequate to the needs of the city, is the best, as far as it goes, in the west.

Over and above all this, Edmonton during the past year came into possession, through failure of the promoters to construct, of a street railway franchise on which the most conservative valuator would not place at a less figure than one million dollars.

These are a few of the things that Edmonton has done for herself within the past year. As showing the healthy condition of the new capital of the great Northwest they are worthy of more than passing notice.

If it be admitted that the policy of municipal ownership is sound, then Edmonton is one of the most progressive cities on the North American continent, for she owns all her franchises without corporation claim of any kind.

In a legislative way, the city has made a change that many older cities have striven for years to accomplish. It has changed its system of taxation so as to exempt buildings altogether, and to assess only land and the floor space of places of business.

The detailed expenditure for the year is worth looking into. Sewers have been built on Saskatchewan avenue from the river to Eleventh street, and from Eleventh street to the General Hospital with tributary lines on Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth and Tenth, practically completing the work of draining all the city between the Canadian Northern and the river. A view from the top of one of the city's tallest buildings.

DIDSBURY BANK FUNDS ARE SHORT

T. F. Hutchinson, Formerly of the
Edmonton Branch, Disappears
Suddenly

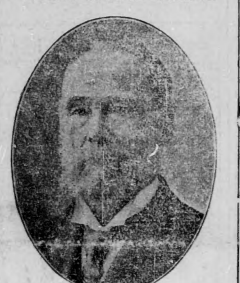

It was learned in the city this afternoon that T. F. Hutchinson, teller of the Union Bank at Didsbury, is missing and the books are short at least \$800 and possibly more. Hutchinson made a sudden and rather dramatic disappearance and his present whereabouts are veiled in mystery.

On Saturday afternoon when the manager of the Didsbury branch was balancing up the books for the day, the teller walked passed him and out the back door, since when he has not been seen or heard of. A freight was passing at the time and it is thought he boarded that for the south. A few hours later, alarmed at the man's disappearance, the manager went into his office and discovered the shortage. The police have been notified and are making a search for Hutchinson.

Hutchinson had been in the employ of the Union Bank for over five years and was considered a young man of integrity. His home is in Carberry, Manitoba. He was formerly on the staff of the Edmonton branch.

A report was circulated in the morning after his disappearance to the effect that his shortages were as much as \$12,000, but this report is denied by the bank officials.

TEMPLEMAN MAY BE APPOINTED

Ottawa, Jan. 1.—Hon. William Templeman arrived in the city today. It is reported in official circles that he will be appointed to the Inland Revenue Department. In that event Broderick will be given the Marine and Fisheries Department.

COMMISSION GOES EAST

Ottawa, Jan. 1.—The tariff commission leaves tomorrow morning for the Maritime Provinces. It will take to about 20th of January to complete the work down by the sea.

EUROPEAN WAR NOW IN PROSPECT

The Theme of Discussion in Paris is
the Possible War With Germany

London, Jan. 2.—Nearly all the morning papers discuss the prospects of war between Germany and France, and the attitude Britain would maintain in such an eventuality. The Paris correspondent of the Daily Telegraph draws a striking picture of the nervous tension in the French Capital, saying that in the cafes and the boulevards nothing else is discussed but the coming struggle.

CHRISTMAS ENTERTAINMENT

A very successful Christmas entertainment was held at Fraser's camp, Mewasah, on the evening of December 23rd. There was a good attendance. W. Stronach acting as chairman.

The chairman's opening remarks were received with hearty applause. The opening song sung by R. Rees, was "The Man Behind," which took very well.

The cantook dance was performed by Mr. Shantz, and caused much amusement.

G. Porter gave a reading on the Klondike which was very interesting giving a useful tale of the Alaska gold-seekers, and their troubles.

W. Stronach, chairman, gave a display with the Indian chiefs which showed that he was no amateur.

During the interval Mr. John Fraser's hospitality was highly appreciated.

A violin solo by McGillivray was short but sweet.

The song "The Miner's Dream of home" was ably sung by Dalinton and Lambing.

Mr. Dalinton proposed a hearty vote of thanks for the able way he conducted the program.

French and German songs were also very well rendered.

The entertainment closed by the singing of "God Save the King."

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (fellow directions).

Hard rubbing and boiling are things of the past in homes where Sunlight Soap is used as directed.

Sunlight Soap will not injure even the damiest fabric or the hands, and the clothes will be perfectly white, woollens soft and fluffy.

The reason for this is because Sunlight Soap is absolutely pure, contains no injurious chemicals—indeed, nothing but the active, cleansing, dirt-removing properties of soap that is nothing but soap.

Equally good with hard or soft water.

CUSTOMS.

Our Sale and Want Column

Two lots near C. N. R. \$750 each; terms.

One lot near Alberta Hotel \$900; terms.

A Snap—New house, seven rooms, just finished, \$1800; terms. The lot is high and dry.

On Jasper avenue, several splendid twenty-five, thirty-three and forty foot frontages, and close to city. The prices are low and terms sure sellers in the spring at well advanced prices.

Special offer—25 foot frontage near Post Office on Jasper avenue, for \$10,000. Good terms. This will be picked up quick.

First street. Several good propositions at \$200 per foot frontage, terms.

Warehouse sites. Facing the C. N. R. 2 lots, 150 foot frontage on Mackenzie for \$8,000, top of Fourth street and also two lots 150 foot frontage on Mackenzie for \$5500 top Fifth street.

Wanted. Slop for 240 acres, at once. Reasonable price paid and all in cash.

For cash only. We can sell you 20 lots on the Morris estate for \$1350 each. It is impossible to get anything to bear this proposition in Edmonton real estate market. Only fancy \$300 per lot. Owner must have money by 21st December, hence the sacrifice.

Here is another good thing: Two high and dry lots across the C. N. R. track for \$750 each, and terms. Have you noticed the rise lately across the track. We have several single lots there at \$750, terms.

Special attention. Two lots close in, on the River Lots for \$750, very easy terms. These are worth \$900.

Several lots on First, Second, Third and Fourth streets, West End, north of Jasper, from \$1000 up to \$1500 each. All good safe buying and sure of increase in value before many months.

Improved farms. There is sure to be a rise of values in the spring. We have several snaps at present in Stony Plain, Clover Bar, and Sturgeon. What we cannot show you in good value will be hard indeed to find from \$100 to \$450 per acre and close in to Edmonton City.

Unimproved farms. We have several large tracts of country lying along the new railroad line from the C. N. R. to the west. The best of deep black loam and clay subsoil and partly cleared of brush, plenty of good water.

IMMIGRATION RUSH NOW COMMENCING

Large German Colony Will Settle in the District and Found College Here

The vanguard of the great immigration movement which is to set in toward Edmonton during the coming spring, has already commenced to arrive. For months every land office and real estate dealer in town, the railway land offices and the government immigration officials have been besieged with inquiries from all parts of the United States. Now with the New Year just opening up, the newcomers have commenced to arrive.

Immigration Agent Sutter states that while he has looked forward to a big year, he was hardly prepared to expect as many arrivals as have registered at his office within the few days since Christmas. Only yesterday a man called in who had a proposition the size of which is, to say the least, unusual. He is a German divine from Cleveland and his name is Scholz. He explained that he had been spending the past week or ten days in the country between 51 and 57 in range 9 to 16, looking for land. He said he wanted to get at least three townships of land, as much of it as possible open to homestead, and the rest to be purchased, on which to settle a company of German families from Ohio. There is no race sunder among the Germans of Ohio, Mr. Scholz explained, and some of the largest of the families there, who were finding their surroundings a little cramped in the Buckeye state, wanted to move to Alberta, where they will have elbow room. Incidentally they intend to serve to the government, and to take the Saskatchewan on which to found a German colony of their own. The settlement, Mr. Scholz says, is undoubtedly coming and the college will be built.

Another stranger from a distant land is a Texan who is taking up a ranch at Peace River crossing. This man has several thousand head of steers in the Lone Star state which he contemplates bringing north to pasture on the luxuriant grasses of the Peace River. He is now looking into the transportation question he decided to sell his stock down there and buy over again in the north. He has 200 head of horses in Oregon, however, which he has now gone south to drive into Alberta. Before departing he took a large outfit of supplies to the McLeod river to be ready for the spring, when he will pack them to the Crossing.

Besides these interesting settlers, Mr. Sutter has had calls from two families from Kansas, who have gone to Stony Plain to take up land and two families from Oklahoma who will live in the city until spring, when they intend going north looking for farming land. A party of six from Illinois, who intend buying land as near Edmonton as possible, also called within the past few days and stated that they would bring their families as soon as they found a location. Two Russian families passed through on Thursday, to Mannville, where they intend settling.

Correspondence is coming in at the local immigration offices at an astonishing rate from all parts of the United States, more particularly from Oklahoma, Oregon and Washington, and the arrivals already here are unanimous in stating that there will be a rush into this district greater than anyone here expects. One man said that the town would not hold the people that he alone knew of coming, and that before the month of May there would be hundreds of people camping on the townsite.

Calgary Alberta: It is a matter of some disappointment that the C.P.R. has seen fit to withdraw the double service on the through line from Calgary east. The people of Calgary have become accustomed to the service and will feel the change. The Canadian Pacific Railway company knows its own business and doubtless the traffic will not bear the double service. But it does seem to be a backward step that has been made in taking off a train that has already been running. The time is not far distant when there must be a double service from ocean and all the year round.

BOOMING WESTERN CANADA.

Robert Lincoln O'Brien in the Boston Transcript.

The good people in this Newest West have the boom fever. They also "have the goods" to show. The person who declares that Western Canada will always be as much behind Montana and Wyoming and Idaho as Prince Edward Island and New Brunswick are behind Massachusetts and Maine, betrays a lamentable ignorance of geography and typography. The eastern coast of this continent, like most eastern coasts of the world, is much colder than the western. Our Pacific coast is warm from Sitka to lower California. The climate barrier against settlement far north of Montreal becomes of lessening obstructiveness the further west one moves. The Rocky Mountains which account for much of the barrenness of our trans-Missouri region, have a distinct westerly trend toward the north, leaving great stretches of fertile land

on the Canadian side on the same meridians which in the United States pass over mountainous wastes.

Moreover the economic need of Western Canada is showing itself. The United States is exporting less wheat than formerly, and the time is fast approaching when it will export none at all. Importation for the mills of Minneapolis has already become a live political issue in the west, as the recent correspondence between Secretary Shaw and Senator Hansbrough over the rebate shows. Great areas of our west, which were once wheat raising, have gone into corn and dairy products. Iowa was once a wheat state; it is now a corn state. Wheat is the pioneer crop; corn represents a higher stage of agriculture. The farmer who raises it is really in the cattle business, and this takes capital. The world thus needs the Canadian wheat. The railroads have decided to ship it to the market, and the development of Canadian transportation systems so well described in these columns by the Transcriber's Canadian correspondent, Mr. E. W. Thompson, affords a guarantee that they intend to do business.

FACES FUTURE WITH HOPES HIGH.

Harry A. Hall in the Pittsburg (Pa.) Times.

The Dominion of Canada is just now "standing where the brook and river meet." Its long infancy and childhood are ended. Its race is turned toward the future. There is not in the whole world a people filled with higher hopes than those that now animate the people of Canada. Neither is there any spot on earth as yet undeveloped which holds the resources and offers the possibilities possessed by these vast regions which extend from the northern line of the United States to the frozen solitudes of the pole. Here is indeed, "a potentiality beyond the dreams of avarice."

Including land and water together Canada has an area of 3,745,574 square miles, or one-sixteenth of the land surface of the globe. It is larger than the United States. While much of this territory is, of course, impossible of settlement and improvement, there are great areas which, for centuries considered unfit for the homes of civilized man, are now known to constitute what must be the wonderful growing and grazing section of the world. In Western Canada alone, there is a wheat growth section of 171,000,000 acres, larger than that of the United States, of which but a little over 3,000,000 acres is under cultivation, and which it is estimated can produce, with but one-fourth of it under crop annually, 800,000,000 bushels of wheat.

These are staggering figures, but that which has already been accomplished, and that which is steadily going on, show that there is little exaggeration in the estimate. Neither, when one remembers the wonderful growth of the west in the United States during the past 30 years, is there wholly unwarranted enthusiasm in the prophecy which says that within the next half century the Dominion of Canada will have a population of 50,000,000. Then there will be another "world power."

NOTICE

Notice is hereby given that an application will be made to the Parliament of Canada at its next session for an Act to incorporate a company to be known as "The Grand Trunk Pacific Telegraph Company."

To establish, construct, or acquire by purchase, lease or otherwise, and to maintain and operate any overhead, underground, wireless or cable lines of telegraph or telephone from and to any place in Canada or elsewhere, and to make connections with any telegraph or telephone lines, including cables, and any system of wireless telegraphy now or hereafter in use in Canada or elsewhere, or lease its lines or any part thereof;

To enter into arrangements with any telegraph company for the exchange and transmission of messages, or for the working in whole or in part of the lines of the company;

To enter into any arrangement with any person, herd or company possessing, as proprietors, any line of telegraphic communication or wireless telegraphic or other apparatus, upon such terms and in such manner as the board of directors from time to time deem expedient or advisable;

To manufacture, purchase or otherwise acquire, lease, deal in, sell and dispose of instruments, apparatus, plant and appliances used or for use in connection with a telegraph or telephone business;

side of or across any public highways, bridges, water courses or other such places, or under any navigable waters either wholly in Canada or dividing Canada from any other country;

To enter, by and through their workmen and agents, duly authorized, into and upon the lands of His Majesty, or any person or persons, or bodies politic or corporate whatsoever, and survey the same, or any part thereof, and to set out and ascertain such parts thereof as they think necessary and proper for making the said telegraph or telephone lines;

To erect in or upon such lands, such posts, station houses and other works as the company think requisite and convenient for the purposes of the said line or lines, and to erect works upon or across any non-navigable river, necessary for making and completing the said line or lines;

To cut down the trees and underwood for the space of fifty feet on each side of the said lines wherever the same shall pass through any wood; To borrow such sum of money, not exceeding the amount of the paid up capital, in respect of the construction, requisition or operation of telegraph or telephone lines, or any public works or any plant or place of the company in Canada or elsewhere;

To possess all such other powers and privileges as may have been given to any company having like purposes in view, or as may be incident to or reasonably necessary for the successful carrying out of the undertaking contemplated.

Passed at Montreal this 16th day of December, 1905.

W. H. BIGGAR,
Solicitor for the applicants.

THE PLOT REVEALED

The result of the count of the contested ballots in Regina city by expelling the claims to election of Laird, the Conservative candidate, throws a flood of light on one of the methods employed by the Opposition to flinch a seat under the guise of the Elections Act. The seat had been claimed by Mr. Laird and his friends by a majority of 19. This, however, was without consideration of the 188 contested ballots. When these were counted Bole was found to have won the seat by a majority of 3. The result is thus summarised in a despatch from Regina to the Winnipeg Telegram and reproduced in the Calgary Herald:

"In No. 5, the city hall division, there were twenty-eight allowed ballots among those contested. When these were opened it was found that twenty-five of them were marked for Bole and only three for Laird. This was a gain of twenty-two for Bole, or more than sufficient to wipe out Laird's original lead."

"In the first six polls which were counted Bole scored a net gain of twenty-four, wiping out Laird's majority and giving him a lead of five. In the remaining four this was slightly decreased. The plain lesson of the Regina recount is that the Regina Conservatives challenged a large number of Liberal voters, for the purpose of making it appear that the Conservative candidate was elected and gaining two weeks in which to confound the plans for permanently stealing the seat. If further evidence were needed of the truth or intent of the plot it is provided by the bitter attack upon the Scott Government with which the Conservative press tried to draw attention from themselves when the result of the recount was made known. The despatch above referred to was duly doctored and appears in the Herald under a glaring heading and with a due admixture of 'corruption' and 'the nature of which may be gathered from the following paragraph:

"It was an open, unblushing steal, and no other explanation is possible. The whole conduct of the campaign by the Scott government must be considered to have lowered the tone of public life in the province, but the climax is capped by this most recent outrage. But it will require more than the ingenuity of the Regina correspondent and the expert 'editing' of the Telegram and Herald to cloak the plot and the Regina incident will go down to history as one more Conservative attempt to frustrate the will of the electors by defrauding their chosen representative of his seat."

Literary Notes

The holiday number of McCall's Magazine contains more than the ordinary amount of interesting reading for the fairer sex. Besides the usual pattern review there is a short story in which the old, old theme plays the usually important part and an illustrated write-up of President Roosevelt's New Year reception.

To lovers of the rod and gun the Christmas number of Rod and Gun in Canada presents a wide variety and a copious quantity of interesting reading. There are splendidly illustrated articles on the Highlands of Ontario and the scenery of the Canadian Rockies, which are of interest aside from the direct purposes of the magazine.

The annual Christmas number of St. Margaret's college, Toronto, is, as usual a well printed and attractive magazine. The contents are quite up to the mechanical quality and the issue contains many well illustrated articles by students and ex-students of the College. The number should be a welcome reminder at the Christmas season of student days at St. Margaret's.

THE CANADIAN ALMANAC

The Canadian Almanac for 1906 has been issued by the Copp Clark Co., Toronto. The almanac has been published continuously since 1848. The current issue contains the usual large amount of information and should prove a very convenient office help to business men generally. It contains among other things, Astronomical Calculations, Eclipses, Star Tables, Latitude Tables, Tide Tables, — Halifax, Quebec, St. John, Census Returns, Historical Landmarks in Canadian History, Complete Customs Tariff, Weights and Measures and Exchange Names of Managers, Forms of Government of all Countries, The British Army and Navy, Full Canadian Militia List, Postal Information, Complete List of Post Offices with Railway on which located or nearest Railway Station, List of Newspapers published in Canada with their circulation and po-

lities, Titled Canadian Dominion and Provincial Governments and names of officials with their salaries, Foreign Consuls in Canada, Complete Clergy List of all denominations, Legal and Judicial Information, County and Township Offices, Barristers and Solicitors, Educational Institutions, Miscellaneous Societies, Life Assurance, with rates of various Companies, Bank and other Stocks showing dividend and highest and lowest prices at which sold, Historical Diary for 1904.

A SPLENDID WORK SPOILED
"Picturesque Calgary" is the title of a work gotten out by the Calgary Herald, which typographically is very close to perfection, but in a literary sense has been spoiled by the mauling paws of some horse wrangler who in an unguarded moment was entrusted with writing the preface. The photographs and the printing are immense. There are views depicting farming scenes, threshing, ranching, shipping live stock, railroading and in fact almost every phase of the industries which are making Calgary great. The views of the city's streets are faithful in detail and handsome in workmanship, and the numerous engravings of the many beautiful homes in Calgary could not fail to convince the most cursory observer that the southern city is the home of comfort, wealth and culture. In fact the illustrations, whoever they were, are to be congratulated.

As for the literary effort, however, the man who produced it should hang his head in shame for desecrating such a beautiful work with such sentiments. He appears to be under the delusion that the way to "boost" Calgary is to "knock" Edmonton, an idea which could only arise in the diseased imagination of an aberrated brain and in his "knocking" he is neither artistic, effective, nor humorous. As a sample of the literary efforts of the prefatory note the following opening paragraph taken from "Picturesque Calgary" is quoted: "When the ill-fated Andrej floated over Calgary in his balloon, en route to the North Pole via the Edmonton aerial trail he became lost in amazement and has not been seen or heard of since. Scientists expect to believe the belief that the intrepid aeronaut attained a more northerly point and dropped dead in the basket of his balloon while passing over Gallagher's slaughter house on the banks of the Saskatchewan, with the words 'Sweet Edmonton, I smell thee now' on his lips, but authoritative writers seem to favor the Calgary theory."

CHURCH UNION

Toronto Globe: The union of the Presbyterians, the Methodists, and the Congregationalists in one organic Canadian church is within sight. It may take five years, it may take ten, but a movement is underway which, logically, inevitably, purposefully, will lead these three great and historic branches of Protestantism in Canada into one organized church with a common creed, a common name, and a common purpose. What the man in the street calls the logic of events, what the man in the church calls the leading of Divine Providence, has made the organic union of these three churches to appear first desirable and now practicable; and the same forces, sooner or later—sooner it may be than even some of its advocates anticipate—will carry it forward to its magnificent consummation. The growth of the evangelic spirit within the churches, and the pressure of the religious and missionary problems from without, have combined to make union at once the truest statesmanship, the highest duty, and the most imperative necessity, if the drift and current of materialism and irreligion are to be stemmed.

CITY COAL CO. OPENS LOWER SEAM

To the City Coal Company belongs the honor of having explored in the deeper levels the bituminous deposits underlying Edmonton and vicinity. At their Rat Creek mine, a mile and a half below the city, they are now hoisting coal from the 80-foot level where they are working a five and a half foot seam. A complete steam hoist has been installed and the plant is in constant operation. The mine is worked by means of a vertical shaft, the bottom of which is 40 feet below the Saskatchewan river. A complete set of screens and bunkers has been put in to facilitate cleaning and handling the coal from the shaft to the wagons.

"Professor" Brenton, who is managing the City Coal Co.'s property, claims that they are 70 feet lower down than anyone else working in this district. The coal is certainly a cleaner sample and looks more matured than much that is exposed for sale on the market and there can be no doubt whatever that the deposits underlying Edmonton improve with depth.

It is only a short jaunt down the river to where the City company's workings are located and anyone interested in learning what a coal mine in operation looks like will be well repaid for a trip to the mine.

Continued from Page One.

ings will give an idea of the extent of the work done during the past summer.

Water mains have been laid on practically the same lines, giving thousands of lots, with room for a city of 50,000 people, water and sewer service.

Throughout the same territory the light wires, connecting with the city's plant, have been put in, were already in, or are about to be put in.

On these wires have been strung during the past year no less than 55

are lamps of 1800 candle power, and to supplement this service an order was passed at the last council meeting for the installation of seventeen more of these lamps, making Edmonton the best-lighted city of its size in Canada.

For street grading, First street has been graded from Jasper avenue to Rat Creek, putting this street for a mile into excellent condition. Besides this many streets in the west end, which were heretofore little better than prairie trails, have been made into handsome streets, graded and sidewalked, and some boulevarded. Another important grade was the extension of Victoria Ave. westward.

Both sides of Jasper avenue, from Kinistino to Third street, were laid with granolithic sidewalks, of which two-thirds were fourteen feet wide. Not a foot of this sidewalk was less than 12 feet wide. The laying of a granolithic sidewalk up First street to the Canadian Northern depot was also undertaken, but was interrupted by cold weather.

These were the municipal works of the past year. Besides these the ratepayers of the city voted a by-law providing for the bonusing of the Canadian Northern to the extent of \$100,000, another one for the extension of the market at an expense of \$20,000; still another one for the providing of an isolation hospital at an expense of \$3,500, and another one for the purchase of the right of way for the road down to the river through the Donald A. Ross estate.

The city also gave \$2,500 to the board of trade to promote the advertising of the city, and spent close to \$5,000 on the inauguration ceremony.

With all these expenditures the city stands today with a debt of less than half a million dollars, with an assessment of \$8,500,000, with a total tax receipts of over \$100,000 per annum, an electric light revenue of over \$30,000, and a water revenue far beyond that of any other city of its size in Canada.

This, in brief, is what has been done in the past. The problems for the future to be met by the new council which meets for the first time this evening are many and varied, and some of them are laden with perplexities.

One of the foremost and possibly the largest of the questions that will come up during the current year will be to provide drainage for the land between the Canadian Northern depot and Rat Creek. There is a large section of land lying within the city limits, and a larger block of land beyond the city limits, for which the natural drainage is Rat Creek. The question which confronts the city is to supply a main line or trunk sewer for this land within the city limits, draining the water via Rat Creek to the Saskatchewan. By so doing the city will also be draining the other larger block on the outside of the city, and for this service it will expect to be reimbursed by the legislature of the province. Some three years ago a move in this direction was made, and the legislature then sitting at Regina went so far as to send engineers here, who ran lines and took levels. This work is still extant and available. The

cost of the drainage work will be large, commensurate with the scope of the undertaking, and the necessity of it has become immediate.

Probably the next largest, and, mayhap, the first to be taken up among the city's problems, is the rebuilding of the telephone system. When the system was taken over, it was recognized that it was by no means up to date, and that it would have to be rebuilt, but the city had too much on its hands to take the proposition up during the year just closed. The necessity of standardizing the system is unanimously recognized, and the city fathers will be expected to give it their attention at once. It is altogether probable that an expert will be employed to make a report at once, and give an estimate as to what the work will cost. Until this is done it would be idle to hazard a statement as to what the probable expense will be.

Another matter that will call for considerable attention is the question of putting the fire department on a basis adequate to protect the city. Edmonton has outgrown its fire department, and some extensive improvements will have to be made. The residential section of the west, since it has been so rapidly built up, is entitled to a much more efficient protection. Another fire hall in that part of the city is badly needed; another chemical is wanted, another team should be added, and a sixty-foot ladder should be provided to take the place of the hand ladder at the central hall with which the firemen at present have to work. These improvements can be made without practically a cent of expenditure to the ratepayers, as the decrease in insurance rates which always follows the installation of an adequate system will put money into the pockets of the property holders of the city.

These are the main problems. Besides these, as a legacy from previous councils, the present council will have to tackle and bring into order the city's side of the street car case. The city contends, of course, that the charter belongs to the city beyond peradventure, and as a protection against the future taxpayers have a right to expect that the matter be straightened out at once.

These are the problems with which the new city council will have to wrestle, and they present a formidable array of questions such as few towns the size of Edmonton call on their aldermanic bodies to handle.

IMMIGRATION NOTES FOR 1905.

Strathcona Jan. 1st, 1906.
Mr. J. A. Portis, manager Dominion
Immigration Hall, Strathcona, reports
the number of immigrants who have
come into the hall as follows:January, 38; February, 15; March,
142; April, 266; May, 178; June, 210;
July, 148; August, 78; September, 55;
October, 65; November 41; December,
21. Total 1,237. He says each ofthose remained on an average of seven
days under the "paternal roof" and
that 26,397 meals were served. In all
cases furnished by the immigrant, if
the arrival had means. If not the
food is furnished by the Government.Mr. Portis, wife and family have been
in charge for two years. The various
rooms were well ventilated, clean and
comfortable and reflect credit on the
management. The new arrivals or ce-nigrants are responsible for the clean-
liness of the rooms, occupied, al-
though the manager reports that in
many cases they do not seem to be
equal to the required duties. Mr.Portis is from Lincoln, England and is
enthusiastic over the rapid develop-
ment of Northern Alberta.Mr. W. Macdonald, late of B.C. has
gone out north of the capital "to
look up some timber belts" for Mr.
Walker. Mr. Macdonald spent many
years in the Pacific province in the
timber business and knows a good
limit when he sees one. Mr. Walker's
interests are in good hands when Mac-donald is "at the helm."
Business in town was practically
suspended today. In the afternoon
soon after dinner, the citizens, and
many from the capital, could be seen
hurry down to the skating rink
when the return hockey match was to
be played. The building was packed
by an enthusiastic crowd who spent
a jubilant and noisy New Year's
evening their respective favorites to
victory.Mr. Richards, Sr., father of Rich-
ards Bros., merchants, corner Main
and White avenue, and Mr. Dunn,
wife and family, town, left this morn-
ing for Britain. The former gentle-
man goes to Cornwall, England, and
Mr. Dunn, manager for Cushing Bros.
Lumber Co., goes to Belfast, Ireland
to visit his many friends there. They
purpose being away about three
months.Mr. Parnell, of the Wallace party,
Dominion Government survey, is at
the Royal. His party have been run-
ning base-lines up near Lesser Slave
Lake. He reports much good and some
poor land. In their surveys, inter-
crossed with rocks, moss, timber and
valuable coal deposits. He says too
big game and fish are in abundance and
says the new settlers can get good
locations in that vicinity.McClure's staff were busy taking
down some scaffolding round the el-
evated water tank and also doing some
painting. Mr. McClure says he will
finish the tank in a few days of good
weather.Mrs. Rev. T. J. Johnston, left this
morning to visit friends in High
River.Mr. and Mrs. W. W. Rankin return-
ed home today from an extended visit
to Eastern Ontario.Mr. R. A. Peterson who has been
running the Alberta hotel in connec-
tion with the Royal hotel, has given
up the former and will be succeeded by
Mrs. Boyce who takes possession, Jan-
uary 1st.Mr. Thompson, who has just return-
ed to town from a successful hunting
tour near the Vermilion River, has
gone up the country into Walter's
camp for the rest of the winter.Messrs. Tingley and Green gave our
town a flying visit on Saturday. They
have just come in over the trail from
Pease River crossing. They report
good land, timber, grass and an abun-
dances of train.Mr. Clark who has located thirty
miles south of Vermilion, was in town
a few days ago. He is much pleased
with his land and immediate prospects.
He says the land is of nice sandy loam
and well adapted for sheep farming.Mr. Palmer and son of Idaho, U.S.
have arrived in town from the
south and have joined Mr. Palmer Sr.
of Cooking Lake who has been an-
xiously awaiting their arrival.The vacancy in the high school
teaching staff, caused by the resigna-
tion of Mr. Hays, who has secured the
principalship of Medicine Hat has been
filled by the appointment of the late
classical master, Woodstock Collegiate
Institute.

FARMERS' PAGE

THE SEED GRAIN SPECIAL.
Geo. Harcourt, deputy minister of Agriculture, was visited on Saturday by the Bulletin regarding the seed grain special. Mr. Harcourt said he had no information other than had been published in the Bulletin. When his attention was drawn to the fact no meetings had been arranged for points between Calgary and Red Deer, Mr. Harcourt said that when he received the itinerary of the train, he had noticed the discrepancy and could not understand how it had been made. The railway companies and the seed branch of the Dominion Government were responsible for the seed train, and all stops had been arranged by the officials at Winnipeg. The provincial department of agriculture is not contributing anything towards the cost of the train, and is only co-operating with the railway companies to the extent of suggesting a list of secretaries of agricultural societies and assisting them in arranging interest in the movement. When he noticed that no meetings had been provided for points between Calgary and Red Deer, Mr. Harcourt wrote to Messrs. R. H. Craig, secretary of the live stock association and W. G. Lanaghan, general traffic manager of the C. P. R. asking that they try to arrange meetings for these places, stating that there were three agricultural societies in this district, the one at Innisfail being one of the best in the province. He feared the farmers in that district would be much disappointed, and suggested in his letter that if it were impossible to arrange meetings for these points that special coaches be attached to the train when leaving Calgary, to pick up farmers along the line and carry them to Red Deer, where they could attend the meetings and return south on the regular train. Mr. Harcourt hoped that arrangements would be made so that there will be no disappointment among the farmers, as the movement was a worthy one, and in consideration of the expense and trouble the railway companies had been put to, merited all support.

WED IN JAIL

Lethbridge had a social sensation last week, when a 17 year old girl named Burrows, eloped with a man named Mitchell. The pair went to Macleod, and later to Cowley, where they were arrested by the Royal Northwest Mounted Police, there being several charges preferred at Lethbridge against Mitchell for having written worthless cheques. W. Henderson, Dr. Craig and Joe Fong, were the complainants, and Magistrate Beggs and Humphries sentenced the man for a term of three months imprisonment. The girl was so astute that she told the magistrates that she had married to Mitchell on the train between Lethbridge and Macleod, but that she had forgotten the name of the clergyman who performed the ceremony, and had lost the license. The matter was correctly fixed up, however, by a Lethbridge clergyman who accompanied the young woman to the police barracks where a brand new ceremony was performed.

STRATHCONA WON YESTERDAY

The second exhibition game of the season between Edmonton and Strathcona was played in the Strathcona rink yesterday afternoon, resulting in the defeat of Edmonton by a score of 4-3. The teams took their positions on the ice as follows:

EDMONTON	STRATHCONA
C. Matheson	goal
W. Banford	point
R. Elliott	cover
H. Deaton	rover
Campbell	centre
Armstrong	right
Dobson	left
Umpires, C. Collins, Edmonton; J. Deitz, Strathcona. Referee, Pete Barley; judge of play, J. Renton.	

The largest crowd that ever entered Strathcona rink was present at the match. A good many drove over from Edmonton, some walked, and the C. N. R. train with four coaches carried hundreds more. By 2:30 the rink was packed.

When the Strathconas appeared on the ice with "Ab" Kent their supporters cheered loud and long. "Ab" is the strong right wing of the team. Richards was off, and McKee took his place at point. The puck was faced off at 3:12. Edmonton forwards got away with it, and there was some fast combination by Deaton and Armstrong. McKee sent the puck back again, and it was looking dangerous around Edmonton's goal when Banford broke his skate. The puck was faced off again near goal and Banford sent it away up the ice. McKee got it and McArthur and Kent brought it down. Kent tried a shot but it was stopped. The play continued very evenly, both goals being pressed hard. Kent was doing great work for Strathcona. Dobson tried several times to score. After twenty minutes play Deaton and Armstrong got the puck and carried it up. Deaton sending it in. When it was faced off again there was some fast combination by the home team, and Hittche scored in ten minutes.

Deaton played up after this and scored in two minutes. At the face off Strathcona got the rubber, but Elliott caught it as it came down. Deaton played it back and carried it up the ice, passed to Dobson, who sent it through, three minutes.

There was a delay of fifteen minutes while Humeson, who was sick, had a rest. It was faced off and the home team got it. McArthur shot and Matheson stopped it, but it rolled into the net from his shoulder. This made it 3-2 for the visitors, and half time was called.

In the second half the visitors played a great defense game, but their forwards failed to score. Time after time Deaton and Armstrong and Campbell brought the puck up, but invariably McKee caught it and sent it back. Campbell was given two minutes on the fence for tripping. In five minutes McArthur shot, but it was wide. Deaton and McKee got mixed up in a little scrap by themselves and went to the fence for a couple of minutes. There was no more scoring and the game finished 4-3 for Strathcona.

INTERMEDIATES WON IN CALGARY.

The Thistle Intermediates of Edmonton won their first game in Calgary last night by a score of 3 to 1.

The Thistles will play in Red Deer tonight, and the line-up will be as follows:

CUP TEAM DEFEATED
The Thistles of Kenora defeated the holders of the Stanley cup on Saturday night in Kenora by a score of 5-6.

NEW CUP FOR CRICKET LEAGUE

At the instigation of some of the cricket clubs throughout the provinces of Saskatchewan and Alberta, a meeting was held in the office of Mr. W. deV. LeMaistre on Friday evening last to bring about the formation of a cricket league.

The Edmonton Mailing and Printing Company have given a valuable cup to be contested for by the various cricket teams throughout the districts mentioned.

At the meeting the following gentlemen were present: C. Y. Weaver of Mannville; J. R. Hartley, O. L. Boyes, H. R. Mountfield, H. F. Sandeman, E. Slocock, A. W. Taylor, G. H. Adams, C. Lucas, Capt. Worsley, W. deV. LeMaistre and others.

Mr. LeMaistre occupied the chair and the following bylaws and arrangements were made.

The name of the League is the "North West Cricket League." Trustees for the curatorship of the cup are to be appointed.

Each year the winning club must give a bond for the return of the cup to the trustees.

The cup will not become the property of any club until won five years in succession.

The competition is to be open to all comers in the two new provinces. Each team competing is to meet at least twice during the season.

Edmonton is to be the headquarters of the league and at this point a representative committee is to sit who will settle all disputes and questions which may come up.

Several clubs throughout the Provinces have signified their intention of joining the league and the prospects for the coming cricket season are most encouraging.

TWO TRAINMEN KILLED IN WRECK

Two Freight Trains Collided on the C. P. R. Near Chapleau Yesterday

Winnipeg, Jan. 2.—A head-on collision between two C. P. R. trains took place yesterday forty-five miles east of Chapleau in which Robert Reid, brakeman and O. Flatt, fireman, were killed. There were no other casualties.

KENORA WON SECOND MATCH
Kenora, Jan. 2.—The Thistles again demonstrated last night, on their own ice, that they have it over the Ottawa hockey team in the west at least. By a score of four goals to two they clinched victory in easy style over their opponents who sport the proud title of the Stanley Cup guardians.

ALD. COXWORTH ELECTED IN TORONTO
Toronto, Jan. 1.—Controller Spence, a staunch Liberal and one of the foremost temperance workers in the Dominion, was defeated in the Mayoralty contest today by a majority of 4,937. His opponent, Alderman Coxworth was backed up by the solid Conservative vote and liquor and street railway interests. The issue of the campaign was the reduction of liquor licenses. Spence's attitude on the question was well known and caused an overwhelming vote against his candidature.

PORT ARTHUR ELECTIONS
Port Arthur, Jan. 2.—At the conclusion of the most hotly contested election in the city's history, Geo. Clavett, who served as mayor during 1933 and 1934, defeated Richard Phillips, mayor during 1930 by 65. For councillors the following were elected: R. Ferguson, M. G. McKinnon, George Raysey, George F. Harrigan, W. B. Cook, T. N. Andrews.

NOTEL BURNED
Arden, Jan. 2.—Fire broke out in the basement of the Central Hotel last night, burning the building to the ground. Loss, \$2,500.

BURGLARY AT SASKATOON
Saskatoon, Jan. 2.—Some time during the night burglars entered the office of W. K. Bell, implement agent, opened the safe and robbed it, taking one hundred dollars in cash and eight bank orders.

ANOTHER BANK FOR WETASKIWIN
Wetaskiwin, Dec. 30.—The Canadian Bank of Commerce has purchased property in Wetaskiwin and will open a branch here immediately. This may add some color to the report that the C.N.R. propose entering Wetaskiwin such as it is generally said that the Bank of Commerce are bankers for that railway intimately acquainted with its movements.

OTTAWA'S MAYOR RE-ELECTED
Ottawa, Jan. 1.—Mayor Ellis was re-elected mayor of Ottawa by 286 majority over Trillon.

FORT WILLIAM CONTEST
Fort William, Jan. 2.—The municipal election for councillors and commissioners was keenly contested. The contest will have a Mayor and three councillors who last year, namely: Mayor Rutledge, Councillors James Murphy, Geo. Graham, W. A. Armstrong. The new members are Jas. Perry, S. C. Young, H. Harkness, Dr. Hamilton, E. A. Morton.

LOCAL

—The council for 1936 holds its first
meeting tonight.

—Arrangements are under way to
establish two infantry companies in
Regina.

—The Ladies Aid of the Queen's avenue
Presbyterian church will meet at
a o'clock tomorrow afternoon in the
church.

—Alberta College re-opens tomor-
row morning, and all students are
expected to be in their places by nine
o'clock.

—A large crowd spent the first even-
ing of the new year skating at the
Thistle rink. The ice was in good
condition and the band in attendance.

—Mr. W. T. Hay, of the Strathcona
high school staff, has accepted the
vice-principalship of the Medicine
hat schools and leaves for that town
on Saturday.

—F. J. Robinson, Deputy Minister of
Public Works for Saskatchewan, spent
New Year's in town, the guest of John
Stocks, Deputy Minister of Public
Works of Alberta.

—J. A. McKinnon has been appointed
an official auditor under the
provincial Government and authorized to
audit the books of school and local
improvement districts.

—The first game for the Peterson
Cup between Strathcona and Edmon-
ton will be played in the Strathcona
rink next Thursday evening. The
game starts at 8:30 sharp.

—The annual meeting of the Women's
Hospital Aid Society will be held
on Thursday, 4th inst., in All Saints'
school room at 6 p.m. A large at-
tendance of the members is request-
ed.

—The two games played in the
curling rink on Friday night are as fol-
lows: Between the rinks skipped by
Ibbotson vs. Wize, won by Wize, score
11-9; and Galbraith vs. Stulholme,
won by Galbraith, score 15-7.

—Rev. Deer Advocate: On Sunday
evening last an envelope was presented
on the contribution plate in the Meth-
odist church, addressed to the
pastor. It contained a nice little
Christmas present of \$85.

—Rev. Mr. Ewing, superintendent of
missions among the Chinese in Brit-
ish Columbia, will preach in the First
Presbyterian church on Sunday next,
and will continue to occupy that pul-
pit until the return of Rev. Dr. Mc-
Queen.

—Mrs. C. McDermit was very pleas-
antly surprised by a host of young
friends last night in honor of Mrs.
J. W. Rosendahl of Leduc. The even-
ing passed in card playing and inster-
mental music. Refreshments were
served.

—Calgary Herald: The Calgary
sleeper will run over the Edmonton
line after January 1. It will
depart from Calgary at 7:15 a.m. and the 4:30 p.
m. train will bring down a sleeper
which will remain at Calgary until
12:40.

—The Men's Institute of McDougall
Methodist church will meet tonight
in the lecture room of the church.
The subject for discussion is "Gov-
ernment ownership of the liquor
traffic." All men are invited to be
present.

—The Carstairs Journal has entered
the journalistic field, with Mr. L. E.
Davis in charge. The journal is an
attractive and well-printed eight-page
weekly and also has a place for it-
self and be of great benefit to the
Carstairs district.

—Wetaskiwin Times: The new
post office building has been complet-
ed and now awaits the arrival of the
furniture from the east. It is ex-
pected that they will arrive in a few days
and that the post master will be able
to move into the new premises the
first of the year.

—A handsome pulpit has been placed
upon the platform of the new
Presbyterian mission, replacing the
reading desk which is the gift of
a friend in Ontario, who some time
ago sent \$29 to Rev. Dr. McQueen
requesting that it be used to pur-
chase a pulpit for the new church.

—Next week is to be a special week
of prayer among the churches of the
city. There will be special meetings
each night, the first to be held on
Monday evening in the First Presby-
terian church. There will also be a
general exchange of pulpits on Sun-
day among the ministers.

—A deal was completed on Satur-
day by the Great West Land Co.,
sold for Horace Hume of Vermilion,
Lots No. 197 and 198, paralleling the
Canadian Northern right of way, at
the corners of First and Second
streets. The lots are the two closest
to the depot and their proximity
makes them particularly desirable.

—A quiet wedding took place at the
home of R. C. Watson, Suther-
land street, at 7 o'clock last evening,
when A. C. Dunn, of the Pembina dis-
trict, was united in marriage to Miss
Edith Breakey, of Chicago. Rev. F.
T. Reikie performed the ceremony,
and W. C. Hogg acted as best man.
The couple will take up their home
on Mr. Dunn's ranch in the Pembina
district.

—As showing the rapid rise of real
estate in Edmonton, this sale is a
particularly striking example. Horace
Hume bought the two lots from
the Hudson's Bay Company less than
three years ago for \$375, and now
turns them over for \$20,000. At the
time of their purchase there were
other parties offering as much as
\$1000. The name of the purchaser is
not given out. Aside from the fact
that he is a Fort Saskatchewan man,
nothing is known about him.

—The Epworth League of McDougall
church held a very delightful
skating party last evening on Alberta
College rink. There were over one
hundred of the young people present.
After an hour or two on the ice, the
party adjourned to the lecture room
of the church, where refreshments
were served and the remainder of the
evening spent in games and social
intercourse. A short program was
also given consisting of recitations
and music. Prof. Race presided and
gave a short address.

—A Young People's Guild of Chris-
tian Endeavor was organized in the

new Queen's avenue Presbyterian
church last evening, and the follow-
ing officers were elected: President,
R. T. Williamson; vice-presidents, W.
E. Wilson, in charge of the devo-
tional department; R. J. Gills, in charge
of the missionary department; A. A.
Campbell, in charge of the educational
and literary department; Miss Mc-
Kay, in charge of the social depart-
ment; R. G. Lowe, in charge of the
musical department; secretary, Miss
Anderson; treasurer, Mrs. Gills; or-
ganist, Mr. Wood. The first meeting
of the Guild will not be held until a
week from next Monday, January 15,
as next week is to be a special week
of prayer in the churches.

—Referring to Edmonton's building
record for the year the Regina Stand-
ard says: "For Edmonton that is cer-
tainly a remarkable record. The
northern city has done well, uncom-
monly well. It has indeed come near-
ly within a quarter of a million of
the record established by Regina this
year in a period of steady growth
uninterrupted by an artificial boom.
The Standard recently published par-
ticulars of this city's normal growth,
and it now hastens to congratulate
the sister city in the north."

—Superintendent Constantine, "N"
Division, R. N. W. M. P., is making
arrangements for the despatching of
some five four-horse team loads of
supplies to his detachment, wintering
at Fort St. John, Peace River, in
preparation for continuing the trail
from the Yukon in the spring.
The detachment, under the command
of Corporal Munro, is in charge of the
supply party and will leave in about
a week. Supt. Constantine will
accompany the expedition and will
before joining the expedition and will
be accompanied by A. Latimer, a
half-breed, from Lesser Slave Lake,
as guide.

—Mr. Robert T. Robb, of Milwau-
kee, Wis., arrived in the city on New
Year's night for the purpose of taking
over the business management of the
Cushing Bros. establishment in this
city and in the tributary territory.
Mr. Robb brings with him from the
Badger State a wealth of experience
in the lumber business and with the
progressive American spirit will un-
doubtedly make trade boom in the
lumber line for his people. Cushing
Brothers are making a strong bid for
the business in Edmonton and tribu-
tary territory, carrying heavy stocks
in the city and in almost every town
on the line.

—In accordance with the official
summons issued by the Right Hon-
orable the Premier of the Dominion,
arrangements have been made for a
Canadian Forestry Convention to be
held in Ottawa on the 10, 11th and
12th of January, to consider the for-
ests of the Dominion, their importance
to the nation and their influence on
the commercial and agricultural pros-
perity of the people, and to discuss
the measures by which the beneficial
influences of the forests may be pre-
served and perpetuated. This conven-
tion is held under the auspices of the
Canadian Forestry Association and the
organization and carrying out the pro-
ject has been placed in the hands of
the Association.

CURRAN'S OFFER QUICKLY AC-
CEPTED

There was no time lost on the part
of the local athletes in accepting the
tempting challenge hung up by Jack
Curran, the champion lightweight of
Montana, and published exclusively in
Saturday's Bulletin. Curran offered
to throw any three men in the city,
catch-as-catch-can in one hour's
wrestling, or forfeit \$100, and to prove
the genuineness of his proposition he
put the money up with the sporting
editor of the Bulletin.
